

MSD Datathon 2023

Opens Mar 9 2023 05:00 AM (GMT)

Deadline May 10 2023 03:59 AM (GMT)

Description

What it is

In MSD Datathon, participants across North America, Europe, and India will compete by analyzing complex datasets and designing novel solutions. **Top-performing teams will win \$25,000 in cash prizes and job opportunities at Merck.** All invited participants will also be eligible for networking opportunities with senior data science leaders at Merck.

What are the prerequisites?

Anyone based in North America, Europe, or India can apply for Merck Datathon. Optimal candidates should have effective communication skills, the ability to collaborate effectively across teams, and possess core data science skills in areas such as machine learning, statistics, Python, and experimental design. There will be an entry assessment focusing on the above data science skills.

What is the application process?

The application process is quite easy - all you need to do is to submit your application and take a technical assessment. Our process is not meant to be intimidating but a chance to get to know you better along the way! Our staff is here to guide you through the process each step of the way.

APPLICATION TIPS:

1. If possible, **we strongly advise that you use a tablet, laptop, or desktop device to complete the application**, rather than a phone.
2. The application will request a phone number during the application process, this will help us keep you up to date on your application so please have your phone available as you complete the application.
3. You must also **verify your email address during the application process**. To do so, you will receive an email message to the address you provide when you set up your
